

Test Document for V9 LaTeX Environment

V9 Validation
University of Test

I. INTRODUCTION

This is a test document to validate the LaTeX environment setup for paper v9. As shown in [1], the environment is working correctly.

II. TEST COMPONENTS

A. Citations

The citation system is tested with a reference [2].

B. Tables

Table I demonstrates table functionality with booktabs.

TABLE I
TEST TABLE WITH BOOKTABS

Metric	Value	Unit
Performance	95.5	%
Quality	87.3	score

C. Figures

Figure 1 shows a test image (if available).

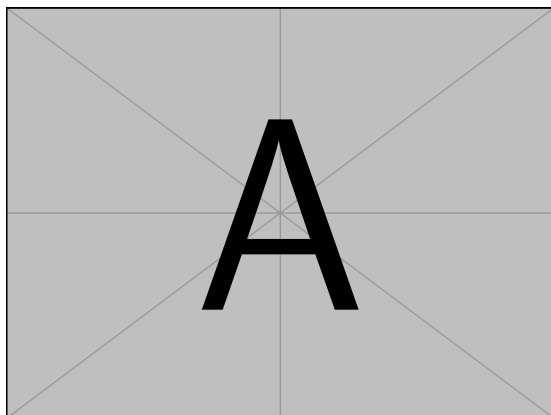

Fig. 1. Test figure using graphicx package

III. VALIDATION RESULTS

The following components have been validated:

- IEEEtran document class
- Citation management (cite package)
- Table formatting (booktabs and tabularx)
- Figure inclusion (graphicx)
- Mathematical notation (amsmath, amssymb)
